

Training Program

The comprehensive system of myDatanet allows you to use a great number of features. For this reason we offer a modular training program.

Module 1 Training for Sales and Distribution:

Module 1 is divided into two parts “end user” and “sales”.

Content: myDatanet user training, information about the instruments, troubleshooting.

Duration: 1.5 days

Minimum number of participants: 8 people

Language: english

Dates: Thu 11th – Fri 12.03.2010
Tue 15th – Fri 16.06.2010
Tue 7th – Fri 8.09.2010

Module 2 Training for Technicians:

Module 2 is also divided into two parts: “myDatanet admin” and “System admin”.

Content: Mode of operation and configuration, local server, software module, billing, advanced settings, maintenance, troubleshooting.

Duration: 2 days

Minimum number of participants: 5 people

Language: english

Dates: Wed 21st – Thu 22.04.2010
Thu 9th – Fri 10.09.2010

The dates are also under the public Google Calendar [Microtronics Training](#) published.

Please bring your laptop if possible. The training includes snacks and is exclusive transportation and accommodation. For registration, more dates or other information about travel and accommodation, please contact us at office@myDatanet.at.
